Seminar on

"Case Study Research: Learning from Real-world Examples"

Date: 07-07-2022

Time: 10.00 am – 12.00 pm

Discussion & Insights:

The aim of the seminar is to equip researchers with the knowledge and skills to effectively design, conduct, and report case study research, ultimately contributing to the advancement of their respective fields.

The following are the key insights seen:

- Case study research is adaptable to a wide range of disciplines, including social sciences, business, education, and healthcare.
- The in-depth approach of case studies allows for a comprehensive examination of the subject, offering detailed insights into the processes, relationships, and contextual factors involved.
- Case studies bridge the gap between theory and practice.
- Adhering to ethical guidelines ensures the integrity and ethical soundness of the research.

Seminar on

" International Perspectives on Intellectual Property Rights "

Date:
27-08-2022

Time:
**09.30 am
to 12.15 pm**

Types Of
Intellectual
Property Rights

Discussion & Insights:

The Seminar gives a comprehensive understanding of the global IPR landscape, the challenges and opportunities it presents, and the future directions in IPR policy and practice.

The following are the key Insights seen:

Understanding these regional differences is vital for businesses operating internationally to navigate the complexities of global IPR enforcement.

- ↳ Rapid technological advancements, such as artificial intelligence (AI), blockchain, and biotechnology, necessitate updated and sometimes entirely new IPR frameworks.
- ↳ Real-world case studies provide valuable lessons on the successes and pitfalls of different IPR systems.
- ↳ Stakeholders, including policymakers, businesses, and legal professionals, must stay informed about emerging trends and be ready to adapt to the evolving IPR landscape.

Workshop on

" IPR in the Digital Age: Challenges and Solutions "

Date: 30-09-2022

Time: 09.30 am – 12.15 pm

Discussion & Insights:

The main objective of the workshop is to understand the challenges posed by the digital environment to IPR and explore potential solutions.

Resource Person:

Mrs. K. Saranya, Assistant Professor,

Dept of Pharmaceutics,

Swathi College of Pharmacy, Nellore, A.P.

Organized By:

Kiranmai. A

Assistant Professor, Dept of Pharmaceutical Analysis

Narayana Pharmacy College

Mobile Number: 9949913270

Email I'd: aretikiranmai242@gmail.com

The following are the topics discussed in the workshop:

1. Discussing how digital technology has transformed the way intellectual property is created, shared, and protected.
2. Analyze the challenges posed by user-generated content platforms (e.g., social media, video-sharing websites) on IPR enforcement.
3. Intersection of data privacy laws and IPR
4. GDPR and its implications for digital IPR

Venue: Seminar Hall, Narayana Pharmacy College

PRINCIPAL

Email: principal.npc@narayanagroup.com Visit us: www.narayanapharmacycollege.com

Outcomes

- Students gained a comprehensive understanding of the impact of digital technology on intellectual property rights and the associated challenges.
- The workshop provides the students with practical solutions and strategies for managing digital IP.
- The interactive sessions and group activities fostered collaboration and knowledge exchange among students.

Many participants expressed interest in further training sessions on specific aspects of digital IP protection, such as cybersecurity measures and international IP law.

Seminar on

" CURRENT TRENDS IN PHARMACEUTICAL RESEARCH "

Date: 18-10-2022
Time: 10.00 am – 12.00 Pm

Discussion & Insights:
The seminar aims to provide an in-depth understanding of the latest developments and emerging trends in pharmaceutical research. It will cover advancements in drug discovery, development, regulatory changes, and the integration of innovative technologies.

Audience:
Researchers, scientists, healthcare professionals, industry experts, regulatory authorities, and students interested in pharmaceutical sciences.

Key Topics to be covered:

- Novel approaches in target identification and validation
- Case studies in personalized medicine
- Data analytics and its role in improving patient outcomes
- Market trends in pharmaceutical research and development

" Ethical Issues in Intellectual Property: Balancing Innovation and Fair Use "

Date: 29-11-2022

Time: 10.00 am – 12.00 Pm

Key Topics to be covered:

- Importance of ethics in intellectual property rights
- Balancing innovation and fair use
- Ethical challenges in patenting biotechnological innovations
- Academic integrity and plagiarism

Resource Person:

Dr. Y. Prasanthi,

Professor,

Seven Hills College of Pharmacy, Tirupati,

Chittoor D.T, A.P, India.

Discussion & Insights:

This seminar aims to explore the ethical dimensions of intellectual property (IP), focusing on the delicate balance between encouraging innovation and ensuring fair use.

Audience:

IP professionals, legal experts, academics, researchers, policymakers, and students with an interest in the ethical aspects of intellectual property rights.

“Opportunities in Clinical Research Industry”

Date: 20-02-2023

Time: 9.30 am – 12.15 pm

Discussion & Insights:

This seminar aims to provide participants with a comprehensive understanding of the diverse opportunities available in the clinical research industry. It will cover career pathways, emerging trends, and the skills needed to succeed in this dynamic field.

The insights taken from the Seminar:

Different roles and career paths available (clinical research associate, data manager, regulatory affairs specialist, etc.)

Skills and qualifications required for success in the field

Innovations in study design and methodologies

Impact of digital health technologies and real-world evidence

Audience:

Aspiring clinical researchers, healthcare professionals, students, industry professionals, and anyone interested in exploring career opportunities within the clinical research sector.

“ Intellectual Property Rights ”

Date:

10-03-2023

@

10.00 am

Discussion & Insights:

This seminar aims to provide a comprehensive understanding of Intellectual Property Rights (IPR), covering the fundamental concepts, various types of IP, the legal framework, and the importance of IPR in fostering innovation and protecting creators' rights. It also explores the challenges and opportunities in managing and leveraging IP.

Key Topics to be covered:

Overview of key international agreements (e.g., TRIPS Agreement, WIPO treaties)

Importance of IP strategies in business development and competitiveness

Addressing new challenges posed by digital technologies

Trends and innovations shaping the future of IP

Opportunities for growth and development in the field
