INDUSTRIAL VISIT REPORT

The primary objectives of the trip, is understanding drug manufacturing processes, packaging of pharmaceuticals, How sterile conditions are maintained and what are the do's & don'ts of the same, exploring research and development practices, learning about regulatory compliance.

The Tour of the Facility was conducted and different departments like Research and Development (R&D) department where new drugs are developed, tested, and refined. Manufacturing Units where the drug manufacturing processes observed, including any specific machinery and instruments used. Students were given a description on the stages of production, such as formulation, compounding, and packaging. Quality Control: where the quality control measures and testing procedures in place to ensure the safety and efficacy of pharmaceutical products were observed Regulatory Control where the regulatory standards and compliance measures followed by the company to meet industry regulations were discussed.

The students have gained knowledge about drug development, production techniques, and industry regulations.

We Thank the ARTURA PHARMACEUTICALS PVT LTD. at Sri City SEZ, Chittoor district AP who has facilitated the trip and given us a patient and detailed tour of the entire industry and explain our students in detail the various process involved in the smooth functioning of the industry.
