Program Report:

On 14th June 2022, the NSS unit of Narayana Pharmacy College, in association with Narayana Medical College, organized a successful blood donation camp in Chinthareddypalem on the occasion of World Blood Donor Day. This activity aimed to promote awareness regarding the importance of voluntary blood donation and to provide life-saving blood to those in need. A total of 80 NSS volunteers actively participated in organizing and managing the event, ensuring a smooth and efficient process. The camp was set up in a well-equipped area, with proper arrangements for donors to rest before and after the donation.

The event was inaugurated by Dr. K. Harinadha baba, Principal of Narayana Pharmacy College, who emphasized the crucial role of students in community service and the importance of donating blood. Health professionals from Narayana Medical College guided the donors, ensuring that all safety and hygiene protocols were strictly followed. The medical team conducted a thorough health screening for each donor, checking their eligibility based on factors such as age, weight, and overall health.

The collected blood was safely stored and later sent to Narayana Medical College's blood bank, where it would be used to treat patients in need of blood transfusions, including those suffering from severe anemia, trauma, and other critical conditions.

This blood donation activity not only helped meet the urgent need for blood in the region but also fostered a sense of social responsibility among the participants. The collaborative effort of both the pharmacy and medical colleges demonstrated how educational institutions can play a pivotal role in community welfare. The event successfully highlighted the importance of regular blood donation and served as a reminder that every drop of blood donated can save a life.

Program Report:

Narayana Pharmacy College held a Dental Screening Camp on 30-07-2022. The event, organized by the NSS Unit, aimed to help with public health. Dental professionals and students checked people's mouths for problems like cavities and gum disease. They also taught about brushing, regular check-ups, and how diet affects teeth. Everyone got free toothbrushes, toothpaste, and mouthwash. People got advice based on their check-ups and were sent to nearby dental clinics if they needed more treatment. The camp was successful in providing health services and teaching about oral care. The NSS Unit at Narayana Pharmacy College continues to support public health.

Program Report:

On 20th August 2022, the NSS unit of Narayana Pharmacy College organized a plantation drive in Baba Nagar as part of its environmental awareness initiative. The event aimed to promote greenery and encourage sustainable practices among students and the local community. Around 50 NSS volunteers actively participated in planting over 100 saplings, including neem, banyan, and fruit-bearing trees. The activity started early in the morning with a brief speech by the NSS coordinator Mr. A. Avinash, who emphasized the importance of trees in combating climate change and improving air quality.

Volunteers were guided on how to properly plant and nurture the saplings for better growth. The local residents also joined hands with the students, making it a collective effort to improve the greenery in the area. The college management provided essential tools and support to ensure the success of the activity. After the plantation, the volunteers committed to monitoring the saplings' growth and maintaining them regularly. This plantation drive not only enhanced the biodiversity of Baba Nagar but also raised awareness about the significance of environmental conservation among the participants. The event was a great success, reflecting the NSS unit's commitment to serving society through green initiatives.

Program Report:

On 24-11-2022, the NSS Unit of Narayana Pharmacy College organized a “DIABETES SCREENING CAMP” at Pemma Reddy Palem. The main aim of the camp was to identify individuals with diabetes or those at high risk of developing it. The camp was inaugurated by NSS Co-ordinator Mr. A. Avinash, who highlighted the importance of early diabetes detection. NSS volunteers conducted health screenings, including fasting and random blood glucose tests. These sessions provided information on diabetes basics, its different types, and its impact on the body. Workshops offered practical advice on lifestyle changes, such as diet, exercise, and stress management, to help prevent diabetes. The camp effectively combined screenings with education to support community health.

Program Report:

On December 1, 2022, the NSS unit of Narayana Pharmacy College organized a rally to observe World AIDS Day in Nellore. The rally, which aimed to spread awareness about HIV/AIDS, commenced from VRC (Venkatagiri Raja College Centre) and concluded at the RTC (Road Transport Corporation) bus stand, Nellore. Over 150 enthusiastic NSS volunteers participated, holding banners and placards with messages about HIV prevention, safe practices, and eliminating stigma associated with the disease. The rally was flagged off by respected dignitaries from the college and local authorities, who appreciated the effort taken by the students to educate the public.

The volunteers actively engaged with passersby, distributing informational pamphlets and explaining the importance of early detection, treatment options, and the need to support those living with HIV/AIDS. The rally not only raised awareness but also fostered a spirit of community involvement, as students from Narayana Pharmacy College demonstrated their commitment to social causes. The event concluded with a pledge taken by all participants to continue spreading awareness and fighting against the stigma surrounding HIV/AIDS. The NSS unit's efforts were well-received, and the rally successfully contributed to raising awareness in the community.

Program Report:

The NSS unit of Narayana Pharmacy College held an Awareness Camp on “Women’s Health” on 6th May 2023 at Peyyalapalem. The main aim of the camp was to teach women about their health and how to take care of themselves. The program was started by Principal Dr. K. Harinadha Baba and Vice Principal Dr. S. Sujatha, who shared a few inspiring words about the importance of women’s health and empowerment. They talked about the need for regular health check-ups and encouraged the participants to take charge of their well-being.

NSS Coordinator and volunteers also played a key role in organizing and conducting the camp. During the camp, the NSS unit held interactive workshops on menstrual health and hygiene, provided information about breast cancer, and gave guidance on reproductive health and family planning. The women of Peyyalapalem appreciated the camp, finding the information and support very helpful.
