Report on General Health Checkup Camp

On June 21, 2023, NSS in association with Narayana Pharmacy College in Pemma Reddy Palem organized a General Health Checkup Camp which is inaugurated by Dr.K.Harinadha Baba and Vice Principal Dr.S.Sujatha. The camp aimed to improve community health by providing essential health services and raising awareness about preventive care. The event was designed by the NSS officer Mr. A.Avinash along with the NSS volunteers. The primary objectives of the camp were to offer free health checkups and screenings to community members, to identify individuals at risk for health problems, such as high blood pressure or diabetes and to educate the community about healthy lifestyle habits and the importance of regular checkups. The camp provided various health services, including general health checkups, blood pressure measurements, blood sugar testing, BMI assessments, and health advice. Many participants were identified as having elevated blood pressure or blood sugar levels, highlighting the need for ongoing monitoring and follow-up care. The General Health Checkup Camp achieved its objectives by delivering essential health services and raising awareness about preventive care. However, future camps should focus on improving logistical planning and accommodating larger crowds to enhance efficiency and service delivery. By addressing these challenges, future camps can provide even better health care services to the community.
