- To encourage innovation and research to benefit the community and thereby enabling the industry to produce cost effective equipments.

Overview of the FDP Programme:

Being an academician is one of the challenging occupations yet highly rewarding. A teacher catalyzes knowledge, ignites inspiration, in stirs motivation and is dedicated to nurturing their future counterparts.

Academicians in Pharmaceutical sciences stream take up diversified roles as teachers, researchers, guides and also administrators. Through out their academic career, professors constantly delve in to the progressing advancements in the pharmaceutical domain. Juggling multiple tasks can induce stress among them. Also a nexus with the international world is essential need of the hour to make them stand out of the crowd and build up their professional career.

The one week Faculty Development programme is thus intended to make the academicians realize wider opportunities across the globe in the pharmacy and allied fields. Eminent speakers will address the current opportunities and prospects in the pharmaceutical sciences stream, and will extend their support to extract the hidden leadership qualities within the potential teachers.
