## **A DOSSIER ON REPUBLIC DAY CULTURAL CELEBRATIONS 2021**

Republic day signifies the day when the constitution of independent India was implemented in 1950. The day is a matter of great pride for the entire country and therefore a public holiday. It is an off in all schools and colleges, and most private and public offices, except for absolutely necessary sectors like the police, railways, civil aviation, fire service and tertiary healthcare.

The Dr. Bhimrao Ambedkar-led committee that drafted the Indian Constitution approved it in 1949, but it wasn't fully implemented until 1950. The constitution was put into effect on January 26 since it was on this day in 1930 that the Indian National Congress issued its call for Purna Swaraj, or total independence. Even though India gained independence on August 15, 1947, it was only a partial independence because George VI and Lord Mountbatten appointed India a constitutional monarchy. India's laws were primarily modified versions of the Government of India Act 1935 at the time because it lacked a constitution.

The Drafting Committee was established on August 28th, 1947, with BR Ambedkar as its chairperson.

In the gloomy morning of January 26, 2021, Narayana Pharmacy College, Nellore had commemorated India's 72nd Republic Day with joy and patriotism. The ceremony was attended by faculty, staff, and students. The National Flag was raised by the chief guest Dr.Hariprasad Reddy, principal of medical college, to start the ceremony. The college's cultural committee led a performance of the National song. The energetic performances by the cultural committee filled the crowd with great energy and enthusiasm. The heartfelt renditions of patriotic songs aroused feelings of love and brotherhood among all. Principal Dr.K.Harinadha Baba addressed the gathering and highlighted the achievements of the college. He underscored the steps the college has taken to ensure an overall development of its students and took pride in mentioning that the college is well ahead of the academic standards that are now being enforced by the government. He emphasized upon the quality education which would help in the development of the city and the country at large. He briefly discussed the issues that the nation is currently facing and urged everyone to unite and stand against them.
