STEM TO STEAM

With blend of stem to steam, sharath , Neha sahith.pranav and vamsi of b pharm 1st yr created a drone defining addition of art to stem making it steam demonstrated intellectual skills by designing and building a drone seamlessly integrating stem concepts with art expressing steam ,highlighting and showcasing their expertise and artistic flair. They conducted flight test demonstrating the drones stability and control. It is a testament to their intellectual skills, creativity and innovative thinking by integrating stem concepts with artistic expression. This encouraged other students to explore connections between technical and creative fields and fostered more stem-steam projects.

VOICE INSIGHTS ARCHIVES BOX

Voice insights archives box , an initiative introduced by Narayana pharmacy college through electoral system which is been under the leadership of head of the college from 4th b pharmacy and pharm d who are been elected by all the students of college through electoral system. This aims to foster a culture of transparency, accountability and student engagement. The primary objective of the suggestion box is to provide a platform for students to submit suggestions, feedback and concerns regarding college related programs. The head of the college was elected through a democratic process ensuring representation and accountability. The head regularly reviews and addresses submitted suggestions. This increased student engagement, participation and improved transparency with timely responses and implementation of feasible suggestions have enhanced trust and transparency. This led to notable improvement in college infrastructure academic programs and student services. This created awareness and promotional campaigns, involved students representatives in decision making process to ensure diverse perspectives. This Voice insights archives box is a resounding success, demonstrating the power of democratic leadership and student engagement. This can continue to drive positive change and improvement within the college community.

HELPING HANDS

Helping hands .an initiative from Narayana Pharmacy College through college aims to provide essential support to needy and poor individuals, bridging the gap between resources and those who require them. The students collected money and been used for the needy and poor people like food distribution, groceries, rice bags. This impacted the students and has made a tangible difference in the lives of needy and poor individuals. Or college are committed to this mission and look forward to expanding these services to reach more people in need.
